

MERI helps protect both employees and the environment by ensuring that research companies are in compliance with federal, state and local regulations regarding the safe removal of medical, infectious & hazardous waste - without hidden fees or monthly minimums - **saving customers 20-50% or more!**

## Working With Research Companies To Stay Compliant and Save Money

MERI has been providing cost-effective and dependable medical, infectious and hazardous waste solutions since 1985.

MERI is a fully licensed and insured medical waste transport, treatment and disposal company servicing Wisconsin, Iowa, Illinois and Minnesota.

### Swift. Safe. Sustainable.

We help ensure your regulated medical & research waste stream follows all local, state and federal guidelines regarding proper transportation and destruction.

- Sustainable electronic manifest system for easy record keeping and proof of destruction.
- Infectious and Hazardous waste training.

**NOTE:** MERI can help dispose of waste up to **biohazard safety level 4**.

**MERI Can Help You Stay Compliant with EPA, OSHA, DOT and FDA Regulations, Save Money and Meet Sustainability Goals!**

### Your Flexible, One Source Solution.

Schedule **MERI** regularly, or just call when you need us. **MERI** offers a variety of waste container types and sizes to meet your specific research facility requirements.

- Infectious waste (including sharps).
- Hazardous materials (lead vests, acids, sanitizer, and more).
- Trace chemotherapy waste.
- Pharmaceutical waste.
- Universal waste (fluorescent bulbs, mercury containing devices, batteries, and more).
- **Back-up for your autoclave to neutralize biotech waste.**

**No hidden fees! No monthly minimums!  
Pay only when you need us!**

*Multiple contracts and additional fees can quickly inflate disposal costs.* To find out if you're paying too much, call **MERI** today at **608.257.7652** or visit **www.meriinc.com**

1310 West Badger Road • Madison, WI 53713 • (608) 257-7652
