

5-Quart Sharps Disposal System

"MERI's system is an easy and inexpensive way to keep our employees and customers safe."

– Randy Wright
Stop-N-Go

Provide a safe place for employees and customers to discard sharps after a medical injection

Simply hang MERI's lockable sharps box in your facility's restroom. Replace with the fresh insert when it's full. Then, use the prepaid shipping box for proper disposal.

(Rugged lockable sharps boxes also available in black and 1-quart and 5-quart.)

Benefits:

- Keeps needles out of toilets that can plug sewer
- Avoids needlestick injuries from employees emptying trash bins or hygiene dispensers
- OSHA Compliant, with paper and electronic documentation demonstrating proper biohazard disposal
- DOT and USPS Certified

MERI's 5-Quart Sharps Disposal System Includes:

- 13" high x 12.5" wide x 5.5" deep 5-Quart Wall Mounted Tan Container for high-traffic locations
- Two 12.5" high x 11" wide x 5.5" deep, 5-Quart biohazard container inserts
- Simple to Follow Instructions Sheet
- Prepaid return shipping box to send the first insert back to licensed treatment facility via U.S. Postal Service **(USPS and DOT Certified)**
- Manifest noting proper destruction of medical waste at MERI's licensed treatment center

MERI's 5-Quart Sharps Disposal System is a Cost-Effective Solution for:

- Restaurants, Bars, Convenience Stores and Gas Stations
- Hotels, Conference Centers, Banquet Halls
- Parks, Recreation Centers, Libraries and Community Centers
- Retail Locations and Corporate Office Buildings

"MERI's sharps solved our problem of finding needles in inappropriate places."

– Steve Maurice, Catholic Multicultural Center, Madison, WI
